SAP Technical Consultant with 4+ years of experience in SAP S/4HANA development across MM, SD, FI, and CO modules. Experienced in **WRICEF** development, **RAP** implementation, **CDS** views, **OData** services, **Fiori** applications, and **SAP CPI** integrations.

Delivered enterprise-level enhancements and system integration projects in **S/4HANA** environments. Strong background in quality assurance, ensuring stable and optimized SAP solutions.

EDUCATION

- **STIMIK ESQ.** Major in Computer Science **2017 - 2021**
 - GPA 3.84/4.00

PERSONAL CERTIFICATION

- **Oracle Database Design** **2020**
- **Oracle Database Programming** **2020**
- **Google IT Support Professional Certificate** **2021**
- **SanberCode Golang – Backend Development** **2023**

WORK EXPERIENCE

- **SAP S/4 Hana ABAP Developer (RMM, SD & FICO) Lion Super Indo** **Apr 2025 – Now**
 - Delivered **WRICEF** developments across MM, SD, and FICO modules, including custom reports, interfaces, and **OData** services supporting operational and financial processes.
 - Implemented and enhanced **Fiori** applications and backend services to improve business workflow efficiency.
 - Developed and supported **SAP CPI** integrations to ensure seamless system communication.
 - Contributed to performance optimization and issue resolution in production environments.
- **SAP S/4 Hana ABAP Developer Freelance Astra International** **Jan 2023 – Mar 2025**
 - Delivered enterprise-level **WRICEF** developments across MM and FICO modules, supporting large-scale operational and financial processes.
 - Developed custom reports, interfaces, and **OData** services to enhance reporting automation and system integration.
 - Supported **Fiori** applications and backend enhancements to improve business workflow efficiency.
 - Provided technical support and issue resolution during **UAT** and production phases.
- **Software Engineering Team Lead Astra International** **Oct 2022 – Nov 2023**
 - Led and mentored **QA** team in executing testing strategies for Web Applications, APIs, and **S/4HANA** systems.
 - Managed test planning, defect tracking, and delivery timelines to ensure high-quality releases.
 - Collaborated with developers and business stakeholders to align technical solutions with business needs.
 - Oversaw **UAT** execution and ensured readiness for production deployment.
- **Senior Product Quality Assurance Engineer Astra International** **Nov 2021 – Mar 2025**

- Led functional and integration testing for Web Applications, APIs, and SAP S/4HANA systems.
- Designed and executed test scenarios to ensure system stability, performance, and compliance with business requirements.
- Coordinated User Acceptance Testing (UAT) with stakeholders to validate business processes before go-live.
- Documented defects, test cases, and improvements using JIRA to support continuous system enhancement.

PROJECT EXPERIENCE

- **E-Materai Integration**
 - Developed custom ABAP logic for electronic stamp integration.
 - Implemented validation and monitoring mechanisms.
 - Ensured compliance with business and regulatory requirements.
- **Stock Opname (Asset Stock Taking)**
 - Developed custom reports and Smartforms for asset reconciliation.
 - Improved reporting accuracy and reduced manual reconciliation effort.
- **Google Pub/Sub Integration & SAP CPI Integration (Outbound & Inbound)**
 - Designed and implemented SAP CPI integration flows (outbound & inbound) between SAP and external systems, ensuring scalable and reliable data exchange.
 - Ensured data consistency and scalable communication architecture.
- **RAP & Fiori Development**
 - Developed CDS views and RAP business objects.
 - Exposed OData services for Fiori Freestyle applications.
 - Supported financial and operational reporting enhancements.

SKILLS

SAP Technologies

- SAP ABAP (WRICEF, Enhancement, BADI, User Exit)
- CDS Views
- RAP (RESTful ABAP Programming Model)
- SAP Fiori / UI5
- OData Services
- SAP CPI Integration
- SAP S/4HANA
- ABAP OO

Integration & Backend

- RFC / IDoc / BAPI
- SAP-to-SAP & SAP-to-Legacy integration

Development Tools

- Eclipse (ABAP Development Tools)
- SAP GUI
- Git

Methodology

- Agile / Scrum
- UAT Coordination

Language Skill:

- Indonesian (Native)
- English (Professional Working Proficiency)
- Japanese (N4)

Core Competencies:

- Technical Problem Solving
- Stakeholder Communication
- Cross-Functional Collaboration
- UAT & Production Support Coordination
- Analytical Thinking
